# KIDZANIA LEARNING EXPERIENCE

Learning is at the heart of the KidZania Experience. Our pedagogical model encourages, develops and reinforces children's expertise, skills and values through role-modeling and role-play. We are committed to empower children to build a better world by providing powerful experiences and meaningful learning opportunities.

KidZania is a bridge between schools and the outside world, providing a space where children can put theory into practice in a realistic and safe environment. Our learning content is developed by play experts, educators, philosophers and creative designers to ensure it matches the best global practices and follows the OECD's "Education 2030 – The Future We Want" framework and other international standards.

Our pedagogical approach offers an experience-based learning environment.

Exposure to KidZania's work-related activities empowers children to develop self-confidence, gain knowledge and understanding. It embarks them in the process of writing their own narrative of everything that is possible.
